Under Institutional Social Responsibilities

Department Organized and conduct sessions on

"Professional Courses and Career Opportunities after 12 Std."

For nearby Junior Colleges students (12th Standard)

About the Event in Brief-

1) Every year **BBA (ComputeApplication),B.Sc.(Computer Science) & M.Sc.(Computer Science)** Department organized and conduct sessions on **"Professional Courses and Career opportunities after 12 Std."** for Higher Secondary Schools Student(HSC) of nearby villages.

2) The basic objective of this "Career Guidance" Session is to motivate the rural youth for accepting future career challenges.

3) We are implementing this Event from last four years as we are trying to being as a path finder for Rural Areas students, they should know about career options availability in Information Technology after passing from Higher Secondary.

4) Our aim is provide platform to 12th Std. students for exploring their queries and to present innovative solutions for them.

5) All Teaching and Non-Teaching Faculty members of our department take a participation in this Event, Visit all nearby Higher Secondary Schools for 12th std. students; deliver Guidance Sessions for them at their college end.

6) This Event is conducted by our Institution to fulfill our **"Institutional social responsibilities"**

7) This Event is useful for the students who are unaware about available professional courses and career opportunities after getting Eligibility of Higher Secondary Schools Certificates.

<u>Provide Financial Support for Students-Scholarship Initiatives through Private NGO's</u>

Financial Support for Students-

NEP states that financial assistance to students shall be made available through various measures. Private HEIs will be encouraged to offer larger numbers of freeships and scholarships to their students.

NEP's important aspects is **Financing: Affordable and Quality Education** for All. Department took initiatives towards raising private education funds for students having economical weaker background to enhance their educational experiences through financial helps from private NGO's Viz;-**Seva Sahayog Foundation, Lilla Poonawala Foundation, Kotak Shiksha Nidhi etc.**

There are many students from poor financial background who actually wanted to take admissions for professional courses available at our end like BBA(Computer Application),B.Sc.(Computer Science) & M.Sc.(Computer Science) so we constantly monitor such students and provide them financial support and funding for the fulfillment of their financial educational need.

NGO's also gave 3 Computer set to the needy students of our Department so it will help them to go through experimental learning during the academic.

Scholarship Beneficiary students attended Annual Meets of the NGO and afterwards they all are also the part of NGO and students contributed their work for the NGO (It is also the kind of social awareness which enlightened in the students mind) forex. Tree plantation activity, Blood donation camp, social awareness campaign etc.
